

First Annual convention of Indian Society for Veterinary Cardiology & International
Workshop on

Innovative Approaches in Diagnosis and Therapeutic Management of
Cardiac diseases in Farm and Companion animals

From October 21st to 23rd, 2019

at

COLLEGE OF VETERINARY SCIENCE, TIRUPATI

Organized by

Department of Veterinary Clinical Complex
College of Veterinary Science, Tirupati-517502
Sri Venkateswara Veterinary University
Andhra Pradesh, India

The establishment of Sri Venkateswara Veterinary University was the culmination of efforts during the period, 1955 to 2005 to strengthen education and services in the fields of Veterinary Science, Dairy Technology and Fishery Science in the State of Andhra Pradesh. The establishment of

four Veterinary Colleges, the first at Bapatla during 1955, the second at Gannavaram during 1998, the third at Proddatur during 2008 and the fourth at Garividi during 2016, paved the way for strengthening Veterinary education in the state. The Veterinary College at Bapatla was shifted to Tirupati during December, 1957. The College of Fishery Science was started at Muthukur, Nellore district during 1991. The Dairy Technology Programme was started in 1983 at the College of Veterinary Science, Tirupati and was elevated to college status during June, 2009. The University was created during the year 2005 by bifurcating the faculty of Veterinary Science comprising of Veterinary Science, Fishery Science and Dairy Science from Acharya N.G. Ranga Agricultural University, Rajendranagar, Hyderabad. The then Hon'ble Chief Minister of Andhra Pradesh Dr. Y.S.Rajasekhara Reddy inaugurated Sri Venkateswara Veterinary University in the premises of College of Veterinary Science, Tirupati on 15 July 2005 coinciding with the valedictory function of Golden Jubilee celebrations of College of Veterinary Science, Tirupati.

Invitation

Dear Sir/Madam/Colleague

The organizing committee takes pleasure in inviting you to attend First Annual Convention of Indian Society for Veterinary Cardiology and International Workshop on "Innovative approaches in Diagnosis and Therapeutic management of Cardiac diseases in Farm and Companion animals" during October 21-23, 2019 at College of Veterinary Science, Sri Venkateswara Veterinary University, Tirupati, Andhra Pradesh, India.

Cardiology is rapidly growing specialty in Veterinary Medicine. The field of Cardiology is one area in Veterinary diagnostics that has seen tremendous advances. Veterinary Cardiology has become organized, represented by American and European speciality boards and mounting interest in other regions of the world including Asia, Middle East and South America. The primary objectives of ISVC are 1) To promote the exchange of information and further scientific progress in the Veterinary Cardiology 2) To encourage and promote improved methods of diagnosis, treatment and prevention of cardiac diseases in animals and 3) To encourage adequate training in cardiology in Veterinary Colleges and Universities. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the field of Veterinary Cardiology. In this context, a very ambitious scientific programme has been prepared encompassing the topics related to the theme. We feel immense pleasure in extending a warm and cordial invitation to the Academicians, Scientists, Veterinary practitioners, Animal lovers, Personnel working in Veterinary Pharmaceuticals and all other concerned with animal health.
