Volume 20 Issue 4 January to March, 2024

SRI VENKATESWARA VETERINARY UNIVERSITY, TIRUPATI

From the Desk of Hon'ble Vice-Chancellor

WAY FORWARD/ SUSTAINABLE APPROACHES

I am glad to inform you that, Sri Venkateswara Veterinary University, Tirupati has been accredited with B++ grade by the National Assessment and Accreditation Council (NAAC). I am sure that this will bring a new spirit into the academic, research, and extension activities of the university.

While we should be proud of our accomplishments, it has also set the bar for what can be done in the future. There are areas where we must all work hard to fill in the gaps so that the University can aim for better grades and be recognized among India's best universities in the future. We will surely accomplish this together.

I congratulate the Convenor and the members of the University NAAC committee for their hard work during the assessment period and I thank the University officers for their efforts throughout this process.

I sincerely appreciate the Associate Deans, faculty, non-teaching staff, and students of the constituent colleges of the university who gave their best in steering the University towards this achievement, which has made us stand out as the first Veterinary University in India to be accredited by the NAAC.

I appreciate the efforts of CCVEC faculty in organizing farmer's outreach programmes, and effectively using the Digital Studio for developing short videos, and uploading 9 videos on dairy, sheep, and poultry management to the SVVU YouTube channel (Pashu Vydhya Vignana Darshini) for the benefit of the farmers and rural community during the reporting period.

I congratulate the Organizing Secretary and staff of the Department of AGB, NTR CVSC, Gannavaram on the successful organization of the XXI Annual Convention of SOCDAB and National Symposium on "Animal production systems and its role in sustainable use of AnGR" at NTR College of Veterinary Science, Gannavaram from 15th to 16th February 2024.

I applaud the KVK faculty for organizing a workshop on Climate Resilient Agriculture policies and a variety of training programmes on mushroom production, Natural farming, Meenosthavam, vermicompost production, and value addition of fruits and vegetables for the benefit of farmers, self-help groups, and rural youth who are interested in doubling their income and becoming entrepreneurs in these fields.

I appreciate the NCC and NSS Units of the University for their active participation and organization of different programmes such as Mounted Expedition camp, Mera Pehla Vote - Desh keliye' campaign, Health camps, National Voters Day, Republic Day, College Day and Open House Exhibition, etc.

I congratulate all the faculty members who received awards during the period under report for their contributions to veterinary and dairy science.

I appreciate the efforts and contributions of all University officers, teaching and non-teaching staff, outsourcing employees, and students to the University's growth throughout the reporting period.
